

WHO WE ARE

NorthAmCon, LLC is a trusted manufacturing partner specializing in 24VDC conveyor systems.

We support integrators and equipment manufacturers by delivering standard and Build-to-Order solutions.

We provide engineering excellence and broad production capabilities that empower our customers.

Nor+

PARTNERSHIP AT THE CORE

NorthAmCon builds lasting partnerships through responsible stewardship, disciplined execution, and a shared commitment to mutual success.

We compliment your expertise with standard conveyor solutions. When standard doesn't work, we customize better than anyone.

JUST A SAMPLE OF OUR PRODUCTS

Nor+ STANDARD

Standard Conveyors for Light Duty Product Handling.

- Straight
- Curve
- Belt-Over-Roller

Nor+ HEAVY DUTY

HD Conveyors for Heavy Duty Product Handling.

- HD Straight
- HD Curve
- HD Transfer

Nor+ FLEX

Flex Conveyors Curve and Expand to Fit Your Space.

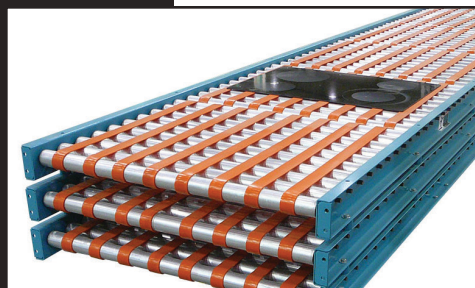

- Powered Flex
- Flex Assist
- Accessories

Nor+ SORTATION

Sortation Solutions to Handle a Variety of Products.

- 360° Table
- Divert Table
- Transfer

Nor+ SPECIALTY

Build-to-Order for Material Handling Challenges.

- Mfg. to Spec.
- AGV Deck
- Stainless Steel

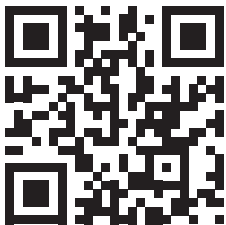

Nor+ CONTROLS

| Specification | Options |
|--------------------|--|
| Input Power | 115V 1-phase |
| | 230V 1-phase |
| | 460V 3-phase |
| Output Power | 24VDC |
| Positioning | Pre-installed photo eyes |
| | Proxes |
| | Limit switches |
| J-Boxes | Sensors, switches, & valves wired for quick connect |
| Workstation Hold | Selector switch for local zone hold |
| Zone Control | Zero-Pressure-Accumulation logic available for non-PLC |
| Programmable Logic | EtherNet/IP protocol support |
| Control Features | HMI touch panels, remote monitoring, auto-sleep, CSA-certified panel builds, & custom schematics for integrators |

Many additional features available.

MRO PARTS
